**LIFESTYLE
COLLECTIONS**

Welcome to Fall 2018!

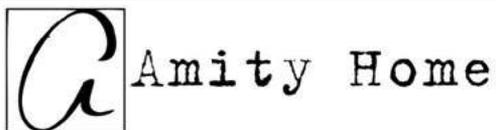

This season, we invite you to fall back in love with color, as we bring you new lifestyle collections in our signature eclectic mix of handcrafted American-made upholstery. As always, our design team drew inspiration from a multitude of sources. Our travels abroad, new fabric intros, current trends and insight from preceding market seasons all awaken possibilities for exciting new chapters in the Rowe design story.

What's happening at Rowe? This fall we're remixing, adding some shine, and debuting an exciting new collection. Modern greys and crisp neutrals will always be classics, but we are embracing the use of brighter, bolder color and a return to transitional and traditional style. Additionally, this season we're thrilled to unveil the launch of a new era at Rowe with our debut collection of case goods, each designed to complement your unique living spaces. Read on and let our innovative designs inspire your creativity!

TRADITIONAL *remix*

Color is back! Warm neutrals such as ivory, champagne and sable form the basis of this updated traditional look, accented by rich, saturated colors including lagoon blue, persimmon orange and moss green.

FRESH SPIN ON CLASSICS • RICH NEUTRALS COLORFUL HIGHLIGHTS

Inspired by our take on a lifestyle with a timeless aesthetic that kept the Rowe personality in mind, the “Cheery Traditional” look was created. Our original Cheery Traditional style, which has now transformed into Traditional Remix, combined fun and colorful prints offset by refined textures, softer neutral hues

and modern touches. Recently, we have noticed color making a bold return to design, from sofas to wall treatments, and decided to give our Cheery Traditional style a vivid makeover—and just like that, Traditional Remix was born!

Combining classic elements with a clean, modernized aesthetic, both of our traditional lifestyle looks have drawn inspiration from past and present. Traditional Remix take us in a more maximalist direction, pairing increasingly colorful patterns with heavier textures and darker, warmer neutrals, for a look that’s quintessentially Rowe!

THE STYLE SCRIBE

tribal G L A M O U R

Natural luxury informs our Tribal Glamour style, which builds on a West Coast, modern organic aesthetic...with an upscale twist! Inspired by the rising popularity of metallics and sheen textures, we've added touches of subtle shine to this lifestyle, along with refined, globally-inspired accents.

ORGANIC STYLE • GLOBAL ACCENTS
GLAMOROUS TEXTURES

The result? An upscale perspective on global glamour, inspired by fashionable world travelers everywhere.

Organic, warm neutrals such as sandstone, mink and flint make up the majority of elements in this style, but are offset by earthy,

sophisticated hues like lagoon blue, rosewood, pale terracotta, and olive. All have a comfortably modern feel, with some soft suggestions of mid-century design and an overall luxurious feel.
